Registration FAQs

When does registration for the 2014-2015 season begin?

Registration for the 2014-2015 begins in May and continues until January 31st, 2015 or classes have reached full enrollment. Listed below are the first registration events for this season.

After May 11th registration can be done at any time through the front desk.

Saturday May 3 rd	3:00-5:00pm	Returning Family Registration Only
Saturday May 10 th	3:00-5:00pm	Open Registration

Is it important to register early?

YES! The earlier you register the more options are available for your dancer. Classes will fill up quickly. Save your dancers spot by registering early and paying the registration fee. Should any class be at full enrollment you can elect to be placed on a waitlist, should we have any dancers withdraw. We recommend having a few options when registering just in case.

Also families registered before June 1st will be entered into our annual drawing to win a free month of tuition!

Do I need a new registration form if my dancer is a returning student?

Yes, all students need a new registration form on file for the 2014-2015 season.

This is my dancers first dance class at AMD, how do I know which class would be appropriate?

The AMD staff would be more than happy to help guide you to a good fit for your dancer. Each new dancer is also more than welcome to try a class, free of charge, before registering. Be sure to pay close attention to ages and school grade levels listed on the class schedule. We use August 31st as our age cutoff to ensure dancers remain with other students in their age range.

My dancer would like to audition to be a part of the Stars Performance Team or Company, do I still need to register?

Yes Please! If you feel confident your dancer will be selected for either our STARS Performance Team or our Competitive Company just write STARS or Company on their registration form and we will enroll them in the appropriate classes after auditions. If you are unsure about your dancer's chances speak with an AMD faculty member for a better assessment.
